

How to find us

Address:

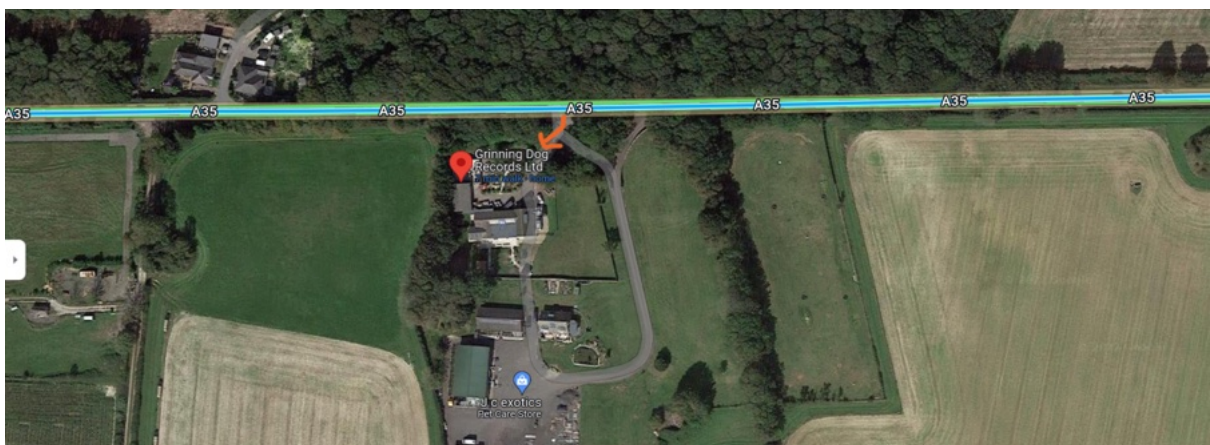

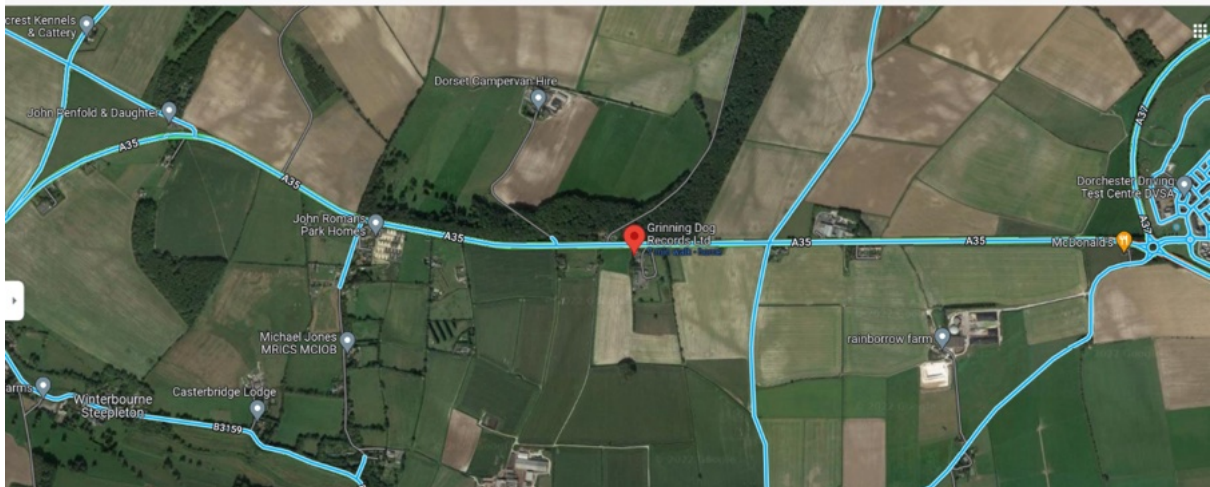

The Willows,
Bridport Road,
Dorchester,
Dorset

DT2 9DS

If you use what3words (easiest way) we are:

///embellish.boomed.lived

Satellite Images: Please note on Google the studio comes up as Grinning Dog Records which is our record company:

Directions from Dorchester/The East:

We are about a mile up the A35 from Monkey Jump roundabout. McDonalds is on the left. You will pass a layby then a row of houses on your left-hand side. Go past the road marked 'Bats Lane' (also on your left) and you will go up a very slight hill with a concealed entrance sign and then a stretch of fence on the left. The concealed entrance is 70 metres from the start of the fence. When you pull into the concealed entrance, there are two properties. Do not go through the gates on the left (that is our neighbours' property). Our entrance is to the right where you will see a sign saying The Willows. You'll see a white bungalow through the gates and a Willows sign on the brick pillars. Yay, you have found us. Here are some images to help.

Directions from Bridport/The West:

We are 0.7 miles from Hardy's Monument Country Park heading towards Dorchester. The mobile home park will be on your right. Keep driving and you shall pass 'Bradford Down Farm/Dorset Campervan Hire' on your left. As you travel along this road (A35), the road slightly inclines and on your right-hand side, A new fence is visible through the trees with a sign saying 'Purlands Farm 30 metres' with an arrow pointing right. We are the next turning on your right where you shall see 'Purlands Farm' on a black sign in the trees. We are not Purlands Farm however (that's our neighbours). We are straight in front of you on the right as you pull in. You will see The Willows sign on the brick pillars of our gates. Yay, you have arrived!
